Note to Scenery Disk Users:

Scenery Disk development is a slow, continuous process. We'll probably never be satisfied with the amount of detail included on each disk. We will continue to update and make additions to each disk on a regular basis.

While we are committed to long-term product improvement, we also feel an obligation to all of you early Scenery Disk owners. We'd like to thank you for your support in purchasing this product.

We will notify you when a new Version 2.0 of this Scenery Disk package is released. You can update your disk at that time by returning the original disk(s) to us along with $2.00 to cover the shipping and handling costs. Our best estimate right now for a Version 2.0 release date is Fall 1986.
